**EXIT INSTALLATION**

This version of Windows is based on Windows Seven Ultimate 7600.16385.x64 (64bit). System files are tuned, specially tweaked and updated to match the expected performance of a true Gamer Edition. For more information : [www.nordic-L.org](http://www.nordic-L.org)

**UNDEADCROWS**

The image shows a stylized desktop environment with a blue and black background. A large, metallic-looking '7' is in the center. There are several buttons for installation options. A small monitor in the background displays the 'UNDEADCROWS' logo. The overall aesthetic is futuristic and gaming-oriented.
